OUR GLORIOUS LOCATION & WINES

In the beautiful Breedeekloof, only an hour's drive from Cape Town, lies a winery that sets itself apart in terms of magnificent scenery and rarefied terroir for its wines. And now, esteemed local and international wine judges agree: Silk bush Mountain Vineyards' wines are just as special as its awe-inspiring location.

As the name suggests, Silk bush Mountain Vineyards is a wine farm located on the slopes of the Silk bush Mountain in the Breedeekloof region of the Breede River Valley.

We are establishing ourselves as a world class producer of high end wines.

Here, a variety of noble wine grape cultivars are planted on fertile hillside soils up to 700 meters above sea level. This unique mountain terroir gives the wines individualistic character that can be tasted in their intriguing, well defined flavours. We are proud to announce that our wines have won Gold medals at this year's Gold Wine Awards. This underscores the viticultural and cellar teams' commitment to quality, using their skill to craft the raw gems of nature into polished final products that is enjoyed by consumers and critics alike.

KINGSBURY COTTAGE

The Silk bush Mountain Vineyards range consists of a premium Sauvignon Blanc, Viognier, dry Rosé, Pinotage, Shiraz and Altitude red blend. The Summer range was also recently added to the portfolio and offers excellent everyday enjoyment in the Hillside Red and Summer White wines. The wines are available to purchase from the Silk bush Mountain Vineyards website and are also exported. The range will soon be expanded with exciting new offerings, so watch this space! Silk bush Mountain Vineyards invites wine lovers to discover its captivating wines and unsurpassed setting by visiting this pristine corner of the Cape winelands.
